XtremeTrim® Vertical Reveal 2 Piece System

07 46 00 (SIDING ACCESSORIES)

DESIGN FEATURES

Designed to create a uniform, aesthetically consistent vertical reveal between panel and lap siding. The two piece design permits application of the base part first and then installation of the cover cap at a later time. In tight fit situations this may be more convenient than using the standard vertical reveal. However, due to the natural expansion and contraction of aluminum, all two piece caps must be secured by either adhesive or screw or pop rivet.

MATERIAL

6063-T5 .050" ± .005 extruded aluminum alloy with proprietary coating that protects against harsh weather conditions and allows for paint adhesion.

FINISH

Unless specified all XtremeTrim® items are provided in primed finish. Also available in popular siding/soffit colors in standard face only color match or full coverage CoastalColorCoating™. Clear Anodized is stocked and custom anodized is available (minimums apply).

NOTE

Use of the XtremeTrim® Vertical Reveal at horizontal joints is not recommended.

Vertical Reveal - 2 Piece

ITEM ID	"A"	"B"	"C"	SIDING SIZE
RVC516	1/2"	1/2"	1-3/4"	5/16"
RVC51634	1/2"	1/2"	1-3/4"	5/16" to 3/4", 5/16" Lap

All parts are 10' Length unless otherwise indicated

Green Building and LEED

Tamlyn products can earn or contribute to credits in categories MR 4.1 and MR 4.2. These credits require a minimum percentage of the value of the building materials to be recycled. Tamlyn products are typically made from 75-100% post industrial and post consumer scrap.

For more details and LEED letters contact Technical Support at 800-334-1676.
