XtremeTrim® Water Management System - Low Profile Outside Corner

DESIGN FEATURES

Ideal corner for use with "W" Series Reveal Systems where a more traditional but still minimal corner style is desired.

MATERIAL

6063-T5 .050" ± .005 extruded aluminum alloy with proprietary coating that protects against harsh weather conditions and allows for paint adhesion.

FINISH

Unless specified all XtremeTrim® items are provided in primed finish. Also available in popular siding/soffit colors in standard face only color match or full coverage CoastalColorCoating™. Clear Anodized is stocked and custom anodized is available (minimums apply).

WATER MANAGEMENT FEATURES

The patented, unique ribbing of the back leg mitigates water intrusion by providing multiple downflow channels to move water. The stand off rib on the out leg of the profiles assure proper panel application.

W series profiles must be used together as a system and not with other XtremeTrim® profiles.

Low Profile Outside Corner

XtremeTrim® Low Profile Outside Corner
US Patent #9,200,455

ITEM ID	"A"	"B"	"C"	SIDING SIZE
W516OCLP	3/4"	5/16"	1-1/16"	5/16"
W716OCLP	1"	7/16"	1-1/16"	7/16"

All parts are 10' Length unless otherwise indicated

Green Building and LEED

Tamlyn products can earn or contribute to credits in categories MR 4.1 and MR 4.2. These credits require a minimum percentage of the value of the building materials to be recycled. Tamlyn products are typically made from 75-100% post industrial and post consumer scrap.

For more details and LEED letters contact Technical Support at 800-334-1676.
